

Geography progression of skills

	EYFS	Year 1 and 2	Year 3 and 4	Year 5 and 6
Locational knowledge	<p>ELG Understanding the world</p> <ul style="list-style-type: none"> Describe their immediate environment using knowledge from observation, discussion, stories, non-fiction texts and maps. Know some similarities and differences between different religious and cultural communities in this country, drawing on their experiences and what has been read in class. Explain some similarities and differences between life in this country and life in other countries, drawing on knowledge from stories, non-fiction texts and (when appropriate) maps. Know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class Understand some important processes and changes in the natural world around them, including the seasons and changing states of matter 	<p>All around us (Spr 2 A) What is the weather like in the UK?</p> <ul style="list-style-type: none"> name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas <p>Beside the seaside (Sum 2 A) What is it like to live by the coast?</p> <ul style="list-style-type: none"> name and locate the world’s seven continents and five oceans name, locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas <p>Around the world (Spr 1 B) What is it like to live in Shanghai?</p> <ul style="list-style-type: none"> name and locate the world’s seven continents and five oceans <p>Here and there (Sum 1 B) Would you prefer to live in a hot or cold place?</p> <ul style="list-style-type: none"> name and locate the world’s seven continents and five oceans 	<p>From field to fork (Aut 2 A) Where does our food come from?</p> <ul style="list-style-type: none"> locate the world’s countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities <p>Under the canopy (Spr 2 A) Why are rainforests important to us?</p> <ul style="list-style-type: none"> locate the world’s countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night) <p>Extreme Earth (Sum 1 A)</p>	<p>Frozen (Aut 1 A) What is life like in the Alps?</p> <ul style="list-style-type: none"> locate the world’s countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and understand how some of these aspects have changed over time identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night) <p>In the heat (Spr 1 A) Would you like to live in the desert?</p>

			<p>Why do people live near volcanoes?</p> <ul style="list-style-type: none"> locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities <p>Poles apart (Aut 2 B) Who lives in Antarctica?</p> <ul style="list-style-type: none"> locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night) <p>Location, location, location (Spr 2 B) Are all settlements the same?</p> <ul style="list-style-type: none"> locate the world's countries, using maps to focus on Europe (including the location of Russia) 	<ul style="list-style-type: none"> locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities identify the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle, the Prime/Greenwich Meridian and time zones (including day and night) <p>Going green (Sum 1 A) Where does our energy come from?</p> <ul style="list-style-type: none"> locate the world's countries, using maps to focus on Europe (including the location of Russia) and North and South America, concentrating on their environmental regions, key physical and human characteristics, countries, and major cities name and locate counties and cities of the United Kingdom, geographical regions and their identifying human and physical characteristics, key topographical features (including hills, mountains, coasts and rivers), and land-use patterns; and

<p style="text-align: center;">Place knowledge</p>		<p>Around the world (Spr 1 B) What is it like to live in Shanghai?</p> <ul style="list-style-type: none"> • understand geographical similarities and differences through studying the human and physical geography of a small area of the United Kingdom, and of a small area in a contrasting non-European country <p>Here and there (Sum 1 B) Would you prefer to live in a hot or cold place?</p> <ul style="list-style-type: none"> • understand geographical similarities and differences through studying the human and physical geography of a small area of the United Kingdom, and of a small area in a contrasting non-European country 	<p>From field to fork (Aut 2 A) Where does our food come from?</p> <ul style="list-style-type: none"> • understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America <p>Extreme Earth (Sum 1 A) Why do people live near volcanoes?</p> <ul style="list-style-type: none"> • understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America <p>Location, location, location (Spr 2 B) Are all settlements the same?</p> <ul style="list-style-type: none"> • understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America 	<p>Frozen (Aut 1 A) What is life like in the Alps?</p> <ul style="list-style-type: none"> • understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America <p>In the heat (Spr 1 A) Would you like to live in the desert?</p> <ul style="list-style-type: none"> • understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America <p>Going green (Sum 1 A) Where does our energy come from?</p> <ul style="list-style-type: none"> • understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a European country, and a region within North or South America <p>Protect our planet! (Aut 2 B) Why does population change?</p> <ul style="list-style-type: none"> • understand geographical similarities and differences through the study of human and physical geography of a region of the United Kingdom, a region in a

				European country, and a region within North or South America
Human and physical geography		<p>Great Grange! (Aut 2 A) What is it like here? Use basic geographical vocabulary to refer to:</p> <ul style="list-style-type: none"> • key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather • key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop <p>All around us (Spr 2 A) What is the weather like in the UK?</p> <ul style="list-style-type: none"> • identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles <p>Beside the seaside (Sum 2 A) What is it like to live by the coast?</p>	<p>From field to fork (Aut 2 A) Where does our food come from?</p> <ul style="list-style-type: none"> • describe and understand key aspects of: physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle • describe and understand key aspects of: human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water <p>Under the canopy (Spr 2 A) Why are rainforests important to us?</p> <ul style="list-style-type: none"> • describe and understand key aspects of: physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle 	<p>Frozen (Aut 1 A) What is life like in the Alps?</p> <ul style="list-style-type: none"> • describe and understand key aspects of: physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle • describe and understand key aspects of: human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water <p>In the heat (Spr 1 A) Would you like to live in the desert?</p> <ul style="list-style-type: none"> • describe and understand key aspects of: physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle

Use basic geographical vocabulary to refer to:

- key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather
- key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop

Around the world (Spr 1 B)

What is it like to live in Shanghai?

Use basic geographical vocabulary to refer to:

- key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather
- key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop

Here and there (Sum 1 B)

Would you prefer to live in a hot or cold place?

- identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles

Use basic geographical vocabulary to refer to:

- describe and understand key aspects of: human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water

Extreme Earth (Sum 1 A)

Why do people live near volcanoes?

- describe and understand key aspects of: physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle
- describe and understand key aspects of: human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water

Poles apart (Aut 2 B)

Who lives in Antarctica?

- describe and understand key aspects of: physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle
- describe and understand key aspects of: human geography, including: types of settlement and land use, economic activity

- describe and understand key aspects of: human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water

Going green (Sum 1 A)

Where does our energy come from?

- describe and understand key aspects of: human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water

Protect our planet! (Aut 2 B)

Why does population change?

- describe and understand key aspects of: human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water

Pollution solution (Spr 2 B)

Why do oceans matter?

- describe and understand key aspects of: physical geography, including: climate zones, biomes and vegetation belts, rivers,

		<ul style="list-style-type: none"> • key physical features, including: beach, cliff, coast, forest, hill, mountain, sea, ocean, river, soil, valley, vegetation, season and weather • key human features, including: city, town, village, factory, farm, house, office, port, harbour and shop 	<p>including trade links, and the distribution of natural resources including energy, food, minerals and water</p> <p>Location, location, location (Spr 2 B) Are all settlements the same?</p> <ul style="list-style-type: none"> • describe and understand key aspects of: human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water <p>Raging rivers (Sum 2 B) What are rivers and how are they used?</p> <ul style="list-style-type: none"> • describe and understand key aspects of: physical geography, including: climate zones, biomes and vegetation belts, rivers, mountains, volcanoes and earthquakes, and the water cycle • describe and understand key aspects of: human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water 	<p>mountains, volcanoes and earthquakes, and the water cycle</p> <ul style="list-style-type: none"> • describe and understand key aspects of: human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water <p>Data mining (Sum 2 B) Fieldwork</p> <ul style="list-style-type: none"> • describe and understand key aspects of: human geography, including: types of settlement and land use, economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water
<p>Geographical skills and fieldwork</p>		<p>All units cover the following National curriculum geography content:</p> <ul style="list-style-type: none"> • use world maps, atlases and globes to identify the United Kingdom and its countries, as well 	<p>All units cover the following National curriculum geography content:</p> <ul style="list-style-type: none"> • use maps, atlases, globes and digital/computer mapping to 	<p>All units cover the following National curriculum geography content:</p> <ul style="list-style-type: none"> • use maps, atlases, globes and digital/computer mapping to

		<p>as the countries, continents and oceans studied at this key stage</p> <ul style="list-style-type: none"> • use simple compass directions (North, South, East and West) and locational and directional language [for example, near and far; left and right], to describe the location of features and routes on a map • use aerial photographs and plan perspectives to recognise landmarks and basic human and physical features; devise a simple map; and use and construct basic symbols in a key • use simple fieldwork and observational skills to study the geography of their school and its grounds and the key human and physical features of its surrounding environment. 	<p>locate countries and describe features studied</p> <ul style="list-style-type: none"> • use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world • use fieldwork to observe, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies. 	<p>locate countries and describe features studied</p> <ul style="list-style-type: none"> • use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world • use fieldwork to observe, measure, record and present the human and physical features in the local area using a range of methods, including sketch maps, plans and graphs, and digital technologies.
